To Whom It May Concern:

This letter is my personal recommendation for Chih-sheng CHEN. Until just recently, I have been Chih-sheng CHEN immediate director for few years. I found him to be consistently pleasant, tackling all tasks with dedication and passion.

Besides being a joy to work with, Chih-sheng CHEN is a take-charge person who is able to present creative ideas and communicate the benefits. He has successfully developed several management effective processes for our company that have resulted in overall productivity. During his tenure, we saw a significant decrease in required man-hours that shorten by 20 percent. The less man-hour was a direct result of better business process elasticity and gaining competitiveness for sales department, due to savings in labor wages, which implemented by Chih-sheng CHEN.

Though he was an asset to our back support sector, Chih-sheng CHEN was also extraordinarily helpful in other areas of the company. In addition to leading an experimental teamwork practice, and establish new framework as foundation for further ongoing activities. Chih-sheng CHEN assumed a leadership role in inventory managing, inspiring and motivating other employees.

I highly recommend Chih-sheng CHEN for employment. He is an awesome team leader and would make a great asset to any organization.

Sincerely,

Lei Zheng
Director of Logistic Management
